KIDZ POWER PACS

Kidz Power Pacs is now entering into their summer distribution. During the summer KPP tries to provide at least 2 meals, if not 3, each month the children are out of school. KPP is seeking donations of Large Boxes or Bags of cereal and plastic jars of peanut butter. As the summer months cost extra per child KPP is also seeking extra

monetary donations. As they continue to prepare for regular packing's again in August they continue to collect clean plastic grocery bags and any food items on the KPP list.

PRIMETIMERS REVIVAL

During the month of May, two events were held in observation of Older Adult Month. First, a group of 14 people travelled to the Pennsylvania Dutch Market in Hagerstown and then to see the movie, "The Case for Christ." Then a group of 15 gathered at the church for a meal of roasted pork loin, mashed potatoes and green beans. As the group dined and fellowshiped the idea of reviving monthly activities was discussed. The group decided that they would indeed like to get going again. The next activity that they scheduled is a trip to the Flight 93 Memorial in Shanksville, PA along with some other activities in that area on June 13. A sign up sheet is on the bulletin board in the narthex. The trip is open to everyone. During upcoming months, we will be planning additional trips and meals together. Don't miss out on the fun!

DISASTER AUCTION

The 2017 Disaster Auction was a success this year making a little more than last year. There were a couple of new fund raising events tried this year with one being successful in the selling of 24 tickets at \$ 20.00 each for a home cooked meal in a hosts residence. It is hoped that next year there will be more hosts and therefore more tickets to sell. The second event was the handing out of 20 large jars of Pretzels. Carol Preston was asked if

she would take a jar. The ones taking the jars agreed to cut a slot in the top after emptying the jar of pretzels. The pretzels were theirs to eat. They were to set the jar out and ask their congregation to fill them with coins. The hope is to get perhaps a hundred dollars or more in the jar by the next disaster auction. Can we fill the jar with enough change to get that much?
